Fishing Update for The Missouri River in South Dakota

Temperatures should be in the 70's and 80's this week, making for some great fishing weather. Take advantage of the sun while it shines and get out on the Missouri River in Central South Dakota. Be sure to bring sunscreen and plenty of water. Good luck catching!

REMINDER: Help stop the spread of Aquatic Invasive Species! Check out the [Game, Fish & Parks web site](#) for detailed info on the regulations. They are very specific so you'll want to be sure you've read the regulations. If you love to fish the Missouri River in South Dakota, please do your part to keep the reservoirs free of aquatic invasive species.

[Lake Oahe](#)

In the [Pollock](#) and [Mobridge](#) areas the fishing is good. North of Mobridge and up to Pollock is very good. Depths are anywhere from 4-20 feet of water. Bouncers and spinners with crawlers are the set-up of choice for many anglers currently.

At [Akaska](#) the walleye are biting in the bays and around Fiddler's Pass. Anglers are fishing in 12-20 feet of water, with all presentations currently working. Lots of good eater size fish are coming in. Northern are also being caught from the shore.

At [Gettysburg](#), the fishing is excellent. Some really nice smallmouths are coming in as well as lots of catfish. From the bridge and to the north, anglers are using minnows and some crawlers in 3-10 feet of water. Shore fishing is great as well.

Around [Spring Creek](#) / [Cow Creek](#) the fishing is great and there's a lot of nice healthy, fat fish out there. There's still some muddy water in places, but anglers are having good success catching limits in 5 feet of water or less out to 20 feet of water. Bouncers with spinners and crawlers are working best, with some anglers using minnows or leeches.

[Lake Sharpe](#)

Around [Pierre/Fort Pierre](#) anglers are catching walleye in 5-20 feet of water using bouncers/spinners and crawlers. Weather can still be a factor but the nice days coming up should make for great fishing. Limits of walleye and smallmouth are coming in as well as some northern and lots of catfish.
